Acero™

UR12 WALL HUNG URINAL SINGLE

The ACERO URI2 Wall Hung Urinal is made from durable 304 grade stainless steel providing a stable and hygienic surface.
Its robust design and heavy duty stainless steel make it extremely durable and able to withstand heavy use.
The URI2 is suitable for hospitality, education or public amenities.
The unit is mounted onto a bracket which is fixed to the wall. The back entry design allows for the plumbing to be concealed and safe.
