

CWS3838.42GM CENTRAL WORKSTATION DOUBLE BOWL

The Central Workstation Series offers a range of quality Mercer finish sinks, with a 10mm corner radius perfect for undermounting.

Complete with all your essential accessories, the Central Workstation range makes food prep easy. The Compact HPL Chopping board, Colander and Roller Mat are designed to fit in all Central Workstation sinks.

The 20mm drop bridge between double bowls means you can angle larger dishes across both bowls, making for an easy clean and allowing food scraps to flow directly into your waste disposal should you choose to install one.

All Central Workstations come with our new Mercer Seamless overflow and designer basket waste.
