New Zealand Building Code Clause B2 Durability: All Mercer Gooseneck taps meet the durability requirements of five years in accordance with B2 3.1(c)

NZ Building Act Section 26: Mercer taps are NOT subject to a warning or ban under Section 26 of the New Zealand Building Act.

Installation

Mercer taps must be installed by professional and qualified trades people following the instructions on the relevant product technical data sheet if applicable.

Product Data and installation instructions are available here: <https://www.acero.co.nz/product-resources>

Care and Maintenance

Mercer Gooseneck tapware is coated with a durable coloured PVD layer.

Clean with a soft microfibre cloth, warm water, and mild detergent such as dishwashing liquid. Avoid abrasive cleaning solutions, scouring pads, steel wool and sharp implements as these may potentially scratch the surface of the tapware. Do not clean with solvents.

Date of Issue: November 2023
