

WFDTPS WALL FACING ACCESSIBLE TOILET PAN S TRAP

The MERCER WFDTP Wall Facing Disabled Toilet Pan is made from durable 304 grade stainless steel providing a stable and hygienic surface.

Its robust design and heavy duty stainless steel make it extremely durable and able to withstand heavy use. The WFDTP is suitable for institutions, corrections, hospitality, education or public amenities.

The rear fixing installation plus the security fixed access panel is designed so access to the concealed plumbing is either through the wall or from the front.

Mercer Accessible toilets meet the NZS4121 requirements.
