

## WFSTPCP WALL FACING STANDARD TOILET PAN WITH CISTERN P TRAP

The ACERO WFSTPC Wall Facing Standard Toilet Pan complete with single flush cistern is made from durable 304 grade stainless steel providing a stable and hygienic surface.

Its robust design and heavy duty stainless steel make it extremely durable and able to withstand heavy use.

The WFSTPC is suitable for institutions, corrections, hospitality, education or public amenities.

The rear fixing installation plus the security fixed access panel is designed so access to the concealed plumbing is either through the wall or from the front.
